Coming in October

- Online version of the playbook- D.4.2 Living Lab testing and innovation scale-up playbook
<https://innovation4ageing.tehnopol.ee/wp-content/uploads/2022/08/D4.1-Living-Lab-testing-and-innovation-scale-up-playbook-FINAL.pdf>

Coming in November

- Deliverable 3.3 Innovation scale-up model and implementation roadmap, final workshop on 9th of November 2022
- 9th of November 2022 - Innovation scale-up process and model for the AHA field
- October/November 2022 - “Building the concept of Active and Healthy Living” – Joint workshop between IN-4-AHA and EURAHL

Coming in December

- Deliverable 5.4 Evaluation Toolbox
- Deliverable 7.4 Policy recommendations
- 7th of December, final event of the IN-4-AHA project in Tallinn, Estonia (physical event and online) - Boosting the scale-up of digital innovation for Active and Healthy Ageing in Europe

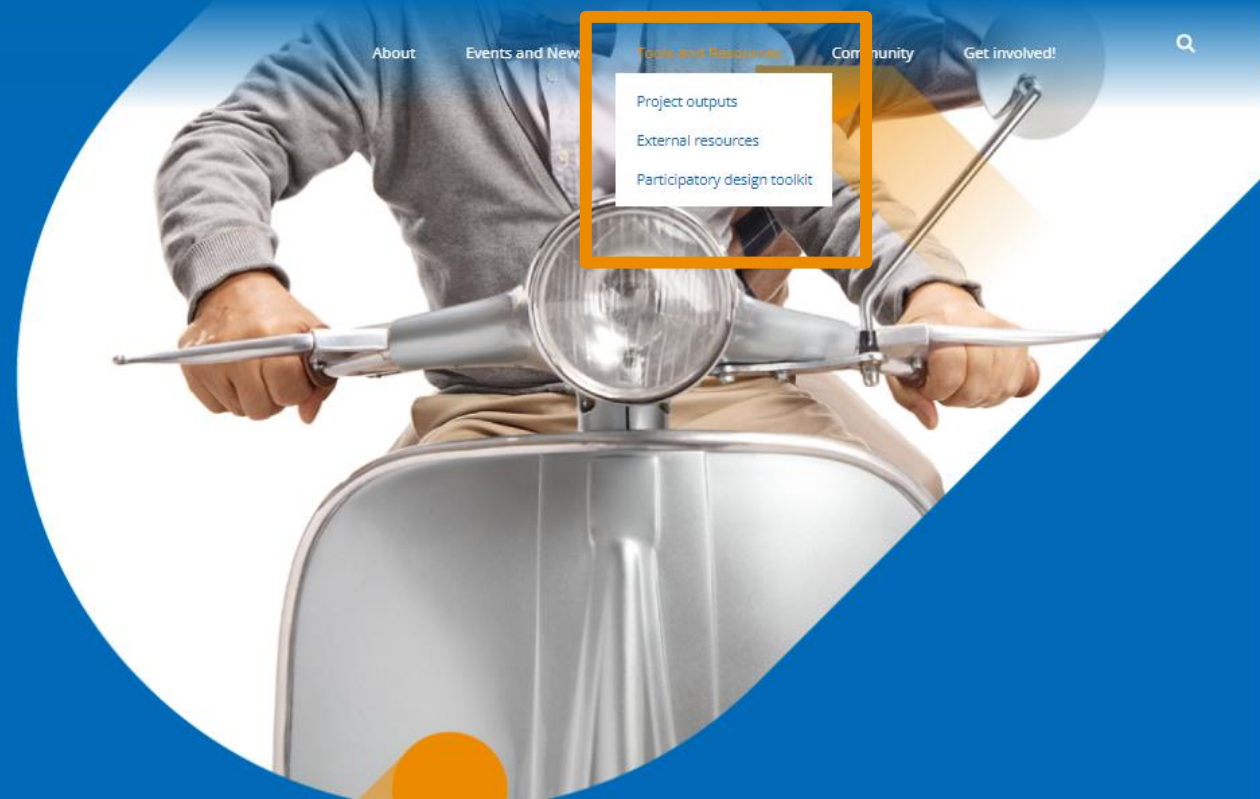

Tools and Resources

The outcome of the Innovation for Active and Healthy Ageing project is an **innovation scale-up model** that is validated by stakeholders and complemented by:

- Implementation roadmap
- Impact evaluation toolkit
- Strategy for long-term investments.

On this page you can find general resources, such as IN-4-AHA's data protection policy and a link to our general feedback survey.

To find more, browse the tabs "**project outputs**" and "**external resources**" for an overview of project outputs and relevant materials for AHA produced outside of the project.
