

# How can we enable Citizen-led renovation?

Come and collaborate with fellow experts at our workshop! Let's discuss enabling citizen-led renovations, foster meaningful networks, and amplify our collective efforts to combat energy poverty and transform Bulgaria's building stock. Together, we harness our expertise to drive sustainable, efficient housing solutions.

**13.11.2023**

15:00-17:30

**SOHO**

 ул. Искър 4, София 1000

## Organizers

The workshop is organized by the **Citizen-led renovation initiative** together with the energy community

## Agenda

### 15:00-15:15

Welcome by the Citizen-led renovation initiative and Izgrei

### 15:15-15:45

Initiative market: Fire pitches by attending organizations and projects

### 15:45-16:45

Facilitated discussion, including the questions

- How can we communicate with citizens about the importance of their role in renovation (beyond 100% renovation funding)?
- Who would be the actors to engage with the people?
- What are the financial instruments needed?
- How can we create a change of mindset / build a new narrative for renovation?

### 16:45-17:00

Wrap up and next steps

### 17:00-17:30

Networking with drinks and finger food
