ADAPTATION TO CLIMATE CHANGE

ONLINE EVENT

## HEATWAVE CHRONICLES: STRATEGIES FOR RESILIENCE IN A WARMING WORLD

WEDNESDAY 10 JULY, 14.00 - 15.30 CET

### AGENDA

Welcome & opening remarks

Coming together to learn about  
heatwaves

Addressing rising temperatures:  
Why adapt and how?

Showcasing experiences:  
Municipality of Gzira, Malta and  
Metropolitan City of Milan, Italy

Q&A & Closing remarks

### JOIN US

This event delves into the intensifying challenges brought by soaring temperatures and heatwaves impacting cities and regions throughout the continent, demanding immediate and concrete adaptation measures to address their impact on society.

Attendees will gain insights into the latest research on temperature trends and their projected impacts, with the opportunity to learn directly from regions and local authorities, who will share their on-the-ground experiences and different approaches to tackling heatwaves.
