the past decade and risk
projections

Showcasing experiences: Mission
Projects FIRELOGUE, TREEADS,
FIRE-RES, SILVANUS, LIFE Soria
Forestadapt

Q&A

Available resources & Closing
remarks

JOIN US

This webinar aims to increase the
awareness about evolving wildfire risks
and hotspots of wildfires while sharing
knowledge and experiences on effective
actions that regional and local authorities
can take.

Building on ongoing European research
and innovation projects, the webinar will
showcase solutions to inspire wildfire
resilience and readiness actions for
regions and local authorities.
