

Equal Gothenburg

Target area:

Sustainable and equal living conditions

Agneta Hammer

Senior advisor

City of
Gothenburg

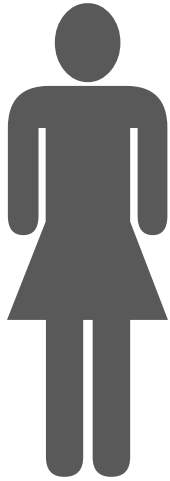

Gothenburg a sustainable city – open to the world

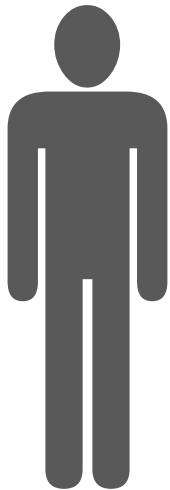

City of
Gothenburg

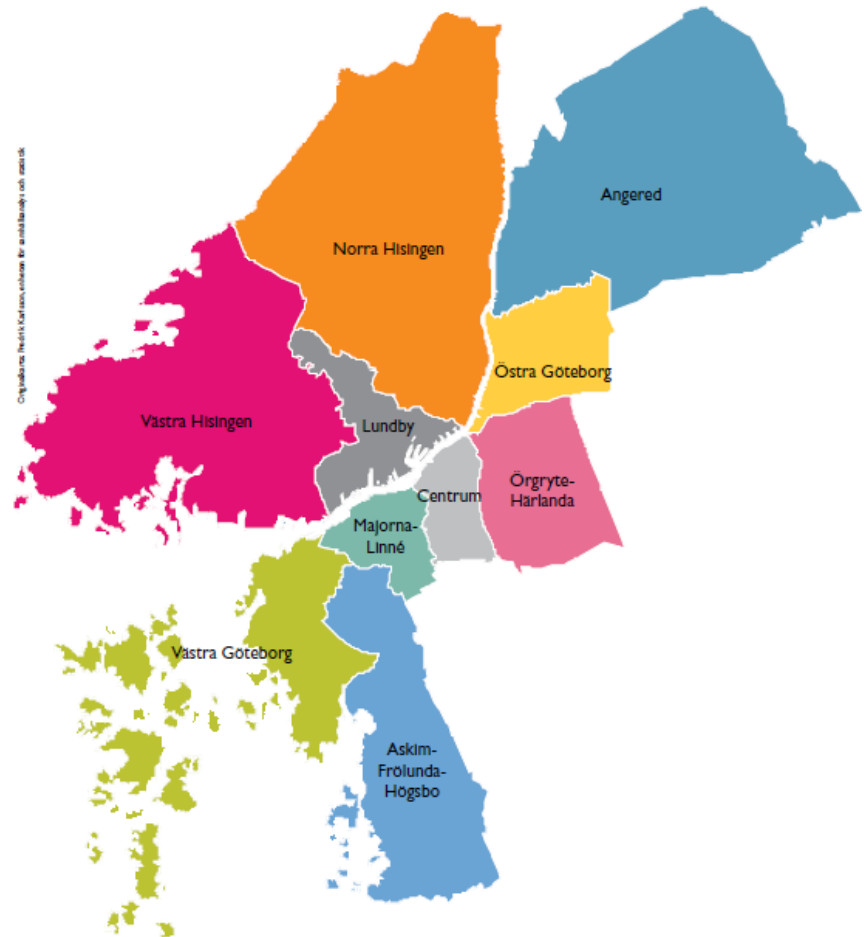

Difference in average life expectancy

Differences are
7.5 years

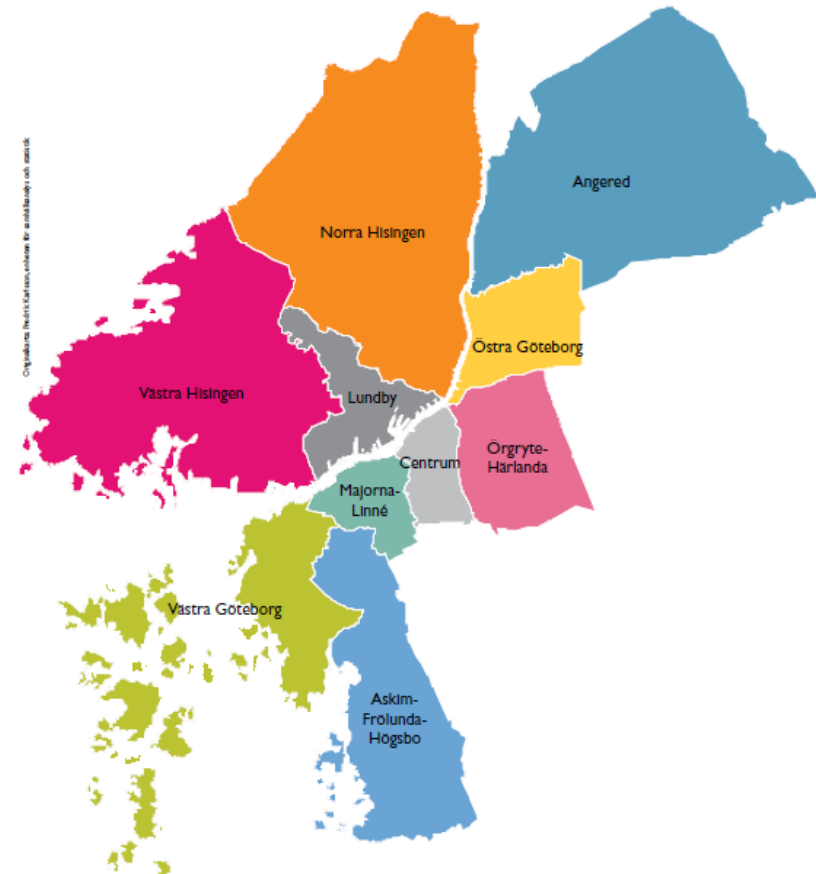

Differences are
9.1 years

Overcrowding

20%

1.1%

Growing sustainably – a shared responsibility

For most people Gothenburg is a good city to live in, but the differences are increasing. Reducing this gap and striving to achieve equal standards of living is a focus for the City of Gothenburg.

**Political goal:
Gothenburg shall
be an equal city**

**Equal
access to ...**

... housing

An architectural rendering of a modern urban development. The scene features a tall, multi-story building with a dark blue facade and numerous windows. To its left is a shorter building with a gabled roof and a similar blue facade. The ground floor of the shorter building is a glass-fronted entrance labeled "GÄRDSTEN CENTRUM". The foreground shows a paved plaza with people walking, a person on a bicycle, and a tree with pink blossoms. The sky is blue with some clouds.

**... well configured and
functional local environment**

**... well configured and
functional local environment**

City of
Gothenburg

An architectural rendering of a modern building at night. The building has a curved facade with large glass windows and a prominent balcony structure. The ground is covered in snow, and many people are walking in the foreground. The sky is dark blue with falling snow.

**... social och commercial
service**
